THIS IS TO BE NOTED:

Since most ancient civilization of the Bēda; the Vedic Laureate has been addressed as 'Myōōnē.

They who accomplished the eternal wisdom has left in their life an axiomatic tenet of the Bēda by the way of their intellectual legacy of excellence, called 'Myōōnē.

The distinct difference within the **heritage** is the distinguishing difference between Intellectual Legacy and Conventional Legacy. Conventional legacy may leads to **tyranny** whereas Intellectual legacy constantly leads to **meritocracy**. This is the irrefutable logic that **meritocracy** leads to **sovereignty**.

This article is witnessing all my Theories, Documents and Ordinances based on Bēda and Upanishads.

Paying tribute to my Vedic Ancestors those who accomplished the eternal wisdom of cosmology and left in their life an axiomatic tenet, as their intellectual legacy of excellence for better world.
